

Forex Strategy.

Indicators.

1. Martin meter indicator **all three bars** should be **Red** for a **sell**.
2. 50 SMA. **Top Green, bottom Red**

Rules:

1. On a **1 hour chart**, wait for the **trend line to break the 50 SMA**.
1- If its above the moving average you buy; if its below you sell

Entry.

1. Enter on the **Breakout** or **Retest** (AND STICK TO IT!)
2. 1:1 Ratio of 30 Pips more or less

NOTE: when the market is **underneath the 50 SMA** we're looking for **sale** opportunities
